Is Disease a Crime?

Not very long ago, a popular magazine published an editorial article in which the writer asserted, in substance, that all disease should be regarded as criminal. Certain it is, that much of the sickness and suffering of mankind is due to the violation of certain of Nature's laws. But to say that all sickness should be regarded as criminal, must appeal to every reasonable individual as radically wrong.

It would be harsh, unsympathetic, cruel, yes criminal, to condemn the poor, weak, over-worked housewife who sinks under the heavy load of household cares and burdens, and suffers from weaknesses, various displacements of pelvic organs and other derangements peculiar to her sex.

Frequent bearing of children, with its exacting demands upon the system, coupled with the care, worry and labor of rearing a large family, is often the cause of weaknesses, derangements and debility which are aggravated by the many household cares, and the hard, and never-ending work which the mother is called upon to perform. Dr. Pierce, the maker of that world-famed remedy for woman's peculiar weaknesses and ills—Dr. Pierce's Favorite Prescription—says that one of the greatest obstacles to the cure of this class of maladies is the fact that the poor, over-worked housewife can not get the needed rest from her many household cares and labor to enable her to secure from the use of his "Prescription" its full benefits. It is a matter of frequent experience, he says, in his extensive practice in these cases, to meet with those in which his treatment fails by reason of the patient's inability to abstain from hard work long enough to be cured. With those suffering from prolapsus, anteversion and retroversion of the uterus or other displacement of the womanly organs, it is very necessary that, in addition to taking his "Favorite Prescription" they abstain from being very much, or for long periods, on their feet. All heavy lifting or straining of any kind should also be avoided. As much out-door air as possible, with moderate, light exercise is also very important. Let the patient observe these rules and the "Favorite Prescription" will do the rest.

Dr. Pierce's Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound.

If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Tartar-Armenian Warfare.

A dispatch from St. Petersburg says that the strictest censorship is exercised over press dispatches in the Caucasus to conceal the true state of affairs regarding both the true inwardness of the Tartar-Armenian warfare and the ferment among the Russian troops in the garrisoned towns of Trans-Caucasia.

The Armenian-Tartar situation is worse than is known to the outside world. Almost all the Russian military units are disaffected and even the Cossacks are rebelling against doing police duty. The latest mutiny is that of the Poltava Cossacks, who several days ago at Tiflis formally demanded to be relieved from police duty, and asked for the discharge of those who had served more than three years. The entire regiment was disarmed and confined in its barracks under guards.

Another version of the Dashlagar affair, in which a number of officers were killed, is that the sailors of the Black Sea fleet implicated in the Kniaz-Potemkine mutiny, who were attached to a disciplinary battalion at the village of Kusar, on the Caspian Sea, near Dashlager, had been in communication with the Samus Regiment, which constituted the garrison of Samur.

After the dissolution of Parliament the soldiers held meetings and marched to the quarters of the commander, Colonel Lemkoul, to present their demands. It appears that Father Palmoff, the chaplain, who was greatly beloved by the men, sought to enact the role of peacemaker and was beseeching Colonel Lemkoul to make some concessions when the latter shot him down. The soldiers thereupon fired at the colonel, who fell pierced by 52 bullets. The officers fired on the soldiers from the windows of their quarters and the infuriated men rushed into the building and killed six of the officers.

A secret meeting of about 200 soldiers, including representatives of some of the guard regiments, has been held in the woods near their camp at Krasnoye-Selo. It is reported that a large portion of the men were shown to be in thorough sympathy with the cause of the people and would refuse to fire on them when ordered to do so, but it was also determined that the time was not yet ripe for a general mutiny, as the majority of the troops at the capital were still nominally loyal. Without a general rising of the people, which would offer a prospect of success, the leaders declared, it was hopeless to expect any active support from the army. Insignificant mutinies were characterized by the speakers as useless sacrifices, and the agitators who prematurely precipitated the risings at Sveaborg and Cronstadt were severely criticised.

Woman Runs Thieves' Auto.

Road agents in a 40-horsepower automobile, piloted by a chauffeuse as handsome as she is daring, have created consternation among the millionaires in their Long Island New York, summer homes. Their latest depredation occurred last night, when the home of C. C. Vernam, publisher of Ainslie's Magazine, on the Bryant estate, at Roslyn, was entered.

An attempt also was made to burglarize the house of Edward Willets, at Westbury, at which place the touring-car robbers dynamited the postoffice only the night before.

Apart from the fact that the robbers travel in a huge red automobile, which is tooled by a woman who acts as "lookout," and that there are three robbers who wear automobile toggery, affording them a very proper disguise, the authorities have absolutely no clue to their identity.

The burglarly at the Vernam residence, occurred late Wednesday night. The family was absent. An automobile, with no lights displayed, was seen in the vicinity. The robbers secured about $600 worth of silverware. To get this they blew open a strong box after having forced an entrance to the house through a window.

The noise of the explosition attracted the attention of the help employed on the estate, and an attempt was made to capture the thieves. They fled to the road, however, jumped into the waiting automobile which was concealed in the shrubbery, and whizzed away.

Not far away is the residence of George Titus, a wealthy farmer. The burglars next tried to effect an entrance there, but were frightened away by the barking of the dogs.

The Willets home at Westbury was next visited. Willets was arouse from his sleep. Divining that the famous auto robbers were paying their call, Willets at once opened fire on three fleeing figures. Persons in the neighborhood, alarmed by the shots, hastened to the road. Several of them narrowly escaped being run down by the touring car of the robbers, which sped by them like a flash.

The entire constabulary of Long Island is aroused. Sheriff Gildersleeve, of Nassau county, is considering the advisability of specially deputizing men to patrol the principal roadways of the island after dark, and local constables and town authorities are perfecting plans looking to the establishment of an all-night vigilance committee.

TWO OPEN LETTERS

IMPORTANT TO MARRIED WOMEN

Mrs. Mary Dimmick of Washington tells How Lydia E. Pinkham's Vegetable Compound Made Her Well.

It is with great pleasure we publish the following letters, as they convincingly prove the claim we have so many times made in our columns that Mrs.

Pinkham, of Lynn, Mass., is fully qualified to give helpful advice to sick women. Read Mrs. Dimmick's letters.

Her first letter:

Dear Mrs. Pinkham:—

"I have been a sufferer for the past eight years with a trouble which first originated from painful periods—the pains were excruciating, with inflammation and ulceration of the female organs. The doctor says I must have an operation or I cannot live. I do not want to submit to an operation if I can possibly avoid it. Please help me."—Mrs. Mary Dimmick, Washington, D. C.

Her second letter:

Dear Mrs. Pinkham:—

"You will remember my condition when I last wrote you, and that the doctor said I must have an operation or I could not live. I received your kind letter and followed your advice very carefully and am now entirely well. As my case was so serious it seems a miracle that I am cured. I know that I owe not only my health but my life to Lydia E. Pinkham's Vegetable Compound and to your advice. I can walk miles without an ache or a pain, and I wish every suffering woman would read this letter and realize what you can do for them."—Mrs. Mary Dimmick, 59th and East Capitol Streets, Washington, D. C.

How easy it was for Mrs. Dimmick to write to Mrs. Pinkham at Lynn, Mass., and how little it cost her—a two-cent stamp. Yet how valuable was the reply! As Mrs. Dimmick says—it saved her life.

Mrs. Pinkham has on file thousands of just such letters as the above, and offers ailing women helpful advice.

Increase in Manufactures.

Unequaled prosperity in the manufacturing industries of the United States for the calendar year 1904 is shown in a census bulletin just completed, which is compared by the Census Bureau with a similar census for the year 1900. The number of manufacturing establishments of the country as shown by the last census is 216,262, an increase of 4 per cent. over 1900. Capital increased during the five years from $8,978,825,200 to $12,686,265,673, or 41 per cent. In the same period the total value of products increased from $11,411,121,122 to $14,802,147,087, a gain of 30 per cent. There has been an increase of 43 per cent. in the number of officers and clerks employed by these manufactories, and a gain of 51 per cent. in the salaries paid. In the same time the number of wage earners increased 16 per cent. and the salaries 30 per cent. The number of wage earners reported for 1905 was 5,470,321, with an annual income of $2,611,540,532.

Prof. Tyler, of Amherst college, said recently: "A man can live comfortably without brains; no man ever existed without a digestive system. The dyspeptic has neither faith, hope or charity." Day by day people realize the importance of caring for their digestion; realize the need of the use of a little corrective after overeating. A corrective like Kodol For Dyspepsia. It digests what you eat. Sold by W. F. Creighton & Co., 401 Kingstreet.

You need a pill? Use DeWitt's Little Early Risers, the famous little pills. Do not sicken or gripe, but results are sure. Sold by W. F. Creighton & Co., 401 King street.

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

FRIDAY EVENING, AUG. 24, 1906.

A NUMBER of Alexandrians and equally as many Washingtonians were victims of a "sell" yesterday. The old Carlyle House, one of the most interesting historical landmarks in the city, was made the theatre of a swindle which became renumerative to the perpetrators before the day closed and an expose had been made. An innocent plaster-of-paris cast played the most prominent part in the hoax. Some who repaired to the cellar of the antiquated structure imagined they were gazing upon what was once the head of an Indian chief as formidable as Powhatan or King Philip. Others, possessed of more antiquarian taste, suggested that the head might have once been upon the shoulders of a European who visited the continent centuries before Columbus dreamed of a new world. They based their impressions upon statements which have occasionally been made that a sword bearing the name of Alexander the Great had been found in a mound in Massachusetts. Another class, whose interest is centred in Biblical history, ventured the opinion that the defunct was a member of one of the lost tribes of Israel which have, in a measure, been unaccounted for during the past three thousand years. A few hinted that another Cardiff giant had been found. All such pleasant musings, however, were dispelled late in the afternoon when an official examination was made by the authorities. The head was found to be a plaster-of-paris cast which for a long time was one of a collection of curios in the window of a store in the Fairfax street front of the Braddock House.

THE INJURY of a man by a snowball during the sultry conditions incident to dog days is a phenomenal occurrence, but such is the case never the less Jacob German, a New York butcher, was hit with a snowball yesterday by a mischievous boy, and had to seek the aid of the J. Hood Wright Hospital physicians. German was waiting in his wagon in front of a packing house, where the pipes of the freezing plants gather snow each day to such an extent that it has to be swept off and piled up in the street. As he sat in his wagon the unseasonable missile suddenly hit him and filled his ear so full of snow that he was obliged to have it dug out at the hospital.

ACCORDING to the London Daily Telegram's Tokio correspondent the Japanese Consul at Vancouver has reported that it is impossible for him to obtain a satisfactory or full report of the killing of the Japanese poachers by Americans in the Aleutian Islands, so the Japanese government has decided to carry out its own investigation of the affair and may send a consul to the Pribyloff Islands. The killing of the poachers is likely to cause friction between the Mikado's government and the United States. It is said that the shooting o the Japanese was not justified by the facts in the case, as the men were retreating when the volley was fired into them.

The ice shortage in New York isbeginning to be acutely felt, emphasizing the probability that that city will soon be calling on other cities for supplies. It has been alleged on several occasions during the examination of the affairs of ice dealers that the cutting of ice last winter was limited for the purpose of extorting high prices from consumers during the summer, and there is reason to believe that the charge is based upon facts. With the supply of ice furnished by nature and the output of factories but few people can see any good reason why a shortage in this essential should ever exist. Alexandria, however, has no complaints to make, an abundant supply having been kept in this city and furnished housekeepers at former prices.

THE DEATHS, personal injuries and damage to property by lightning during the present summer seem to have exceeded those of former years. Electrical storms have prevailed in some sections almost daily, while torrential rains have been common during the month of August. While there has been an abundance of rain in Alexandria and vicinity, there have been but few disturbances in the nature of storms, although there have at times been prolonged electrical displays. At the beginning of the summer a high wind prostrated trees in different places in the city, but no material damage followed.

AS HAD been anticipated, the Cuban government has asked the United States that eight rapid fire guns manned by American artillerymen be sent to that island to assist in subduing the insurrection. This government has burdened itself with tremendous responsibilities during the past few years. There is chronic trouble in the Philippines, dissatisfaction among the Japanese in the Sandwich Islands, the Sultan of Zulu needs to be appeased occasionally, the Port Ricans, according to some dispatches, are by no means satisfied with prevailing conditions, and now Cuba coolly calls upon the United States for aid when she is menaced by internal troubles.

GREAT BRITAIN has recently concluded a treaty with China, providing that no other power shall be permitted to gain a foothold in Tibet, and now it is announced that the Afghan Ameer will visit India in the fall and be entertained at a most imposing durbar at Agra. The British Empire in Asia is thus "fixing its fences" and confirming its borders, while its traditional foe is temporarily out of the combat.

From Washington.

(Correspondence of the Alexandria Gazette.)

Secretary Shaw expressed himself this morning as very much irritated over what he declared was the "senseless continual misleading rumors in Wall street" that the Treasury Department was about to purchase government bonds. He then issued the following statement: "Evidently somebody is trying to deceive the thoughtless. Every man with a lick of financial sense recognizes that occasion for relief does not exist. It seems mighty strange that rumors should be so persistent that I am going to do a thing, the doing of which at this time would be universally recognized as uncalled for. If subsequent conditions demand action, I will act in such a way as I deem best at the time, but all rumors will be baseless. There will be no tips and no advance information."

Jacob Sleeper, U. S. charge d'affaires at Havana, has cabled to the State Department confirmation of the killing of the revolutionary chieftain Quenten Banderas in a fight in Havana province. He reports that the government claims that the other noted revolutionary leader, Pino Guerra, was repulsed in a three-hours fight at Pinar del Rio. Santiago and Puerto Principe provinces are reported to be quiet. The resignation of Secretary of State and Justice O'Ferrill is confirmed.

Is the army to have a Sampson-Schley controversy? General Greely's criticism of the army system whereby division and department commanders are given jurisdiction over the same territory have occasioned considerable comment in military circles here. His statement that the recent experiences in San Francisco "developed many instances to show that a dual command is not the most efficient," is regarded by some as a veiled criticism of General Funston's work. Although there is no information here of any personal ill feeling between the two general officers, it is no secret that Gen. Greely is a greatly disappointment because of a play of fate that put him far from the scene when the disaster occurred and gave to his junior officer, General Funston, the opportunity for fame and glory that Greely was felt should have been his. On the day of the earthquake Gen. Greely was speeding towards Washington on leave to attend the wedding of his daughter. He was in the vicinity of Chicago when he heard of the disaster, and at once wired the War Department that he would return to San Francisco immediately. Before he could arrive there General Funston had the situation under such magnificent control that there was little chance of Greely ever getting an appreciable portion of the credit. It will be seen how close is the parallel to the case of Admiral Sampson, whose temporary absence from the fleet at Santiago gave his junior, Schley, the chance to become the great popular hero of the war with Spain.

As a result of the incidents that led up to the shooting of two Brownsville (Tex.) citizens by colored U. S. soldiers of the 25th Infantry it is probable that Congress will be asked hereafter either to designate posts at which colored troops shall be stationed or else to repeal the law authorizing the enlistment of negro regiments.

Franklin K. Lane, the youngest member of the old Interstate Commerce Commission of five members, which under the new law is increased to seven by the addition of Clark and Harlan, arrived in the city this morning and at once assumed the duties of his office. He took the oath of office shortly after his appointment early in July. He was prevented from coming to Washington sooner by the illness of his wife.

U. S. Minister Furniss cables from Port au Prince that the President of Haiti has signed a decree which is to go into immediate effect providing that import duties must hereafter be paid in American gold or Haitien paper currency at 300 per cent. deprecation. Half of the revenues are to be used for government expenses and the other half to retire the paper currency.

Even newspapermen are contributing their little one dollar bills to the democratic congressional committee. That old saw about the impecuniosity of the craft is being relegated to the scrap heap of exploded superstitions. A short time ago Secretary Charles Edwards of the committee began to enlist the democratic newspaper editors all over the country in the campaign for cash. He sent them the printed appeal for one dollar contributions with the request that it be published; also a request for a list of not less than twenty democrats in their respective localities who might be expected to readily contribute a dollar a piece. The replies to these letters are now coming in, and, surprisingly enough, about every third one, besides the list of names, contains an enclosure of a dollar bill. The dollar contributions thus far are coming in at the rate of about 35 a day and Secretary Edwards is correspondingly encouraged. Personal appeals to the bearers of the names on the lists secured will be issued forthwith and the flood of dollars is expected to develop into a veritable torrent.

No more interstate railroad rates will be changed before September 28. The rates now in vogue must remain in force until that date at the earliest. The Hepburn law, going into effect August 28, automatically accomplishes this result. The anti-pass provision of the Hepburn act is not effective until January 1. The railroad attorneys have privately declared that they can drive a coach and four through it—if they want to. That they do not really desire to do so is evidenced by the fact that some of the roads are preparing to carry it into effect when the other provisions of the law become effective, to wit, on August 26. Whether or not the anti-pass provision is to come before the Interstate Commerce Commission for any sort of a ruling, will not be evident until after January 1, as the commissioners are not charged with its enforcement in advance of that date.

The State Department made the following statement today concerning the new tariff agreement with Spain: The United States minister at Madrid having signed with the Spanish minister of State on August 1 an agreement giving to the United States the minimum tariff rate of Spain and the most favored nation treatment now or hereafter given by Spain to any other country, Portugal excepted, in return for the favored reductions authorized on the part of the United States as by section 3 of the tariff act, champagne excepted, the President's proclamation and the Spanish decree making this agreement effective will soon be issued. It is expected that the arrangement will become effective on the first of September in both countries.

Clayton Inge, aged seventeen years, was killed yesterday afternoon by falling from the Big Otter bridge, on the Norfolk and Western Railway, in Bedford county, on which he was at work.

News of the Day.

Republicans representing twenty-one States met at the Ebbitt House in Washington last night and organized the National "Joe" Cannon Republican Club, and indorsed Mr. Cannon for President in 1908.

While in a deep sleep and evidently under the influence of a dream, Miss Elizabeth Fairall, a beautiful young woman of twenty-two years, living at 1433 L street northwest, Washington, threw herself from a second-story window last night, and only escaped death by a narrow margin. She fell on a grass plot, narrowly missing a granolithic pavement.

An invitation to Wm. J. Bryan to debate in Cincinnati, September 9, the question of socialism with some representative of the socialist party was yesterday mailed to Mr. Bryan at New York by Nicholas Klein, state secretary of the party. The invitation was given because of Mr. Bryan's utterances on socialism while he was abroad. The invitation was signed by the "Socialist party of Cincinnati."

Consul-General J. Linn Rodgers is at Columbus, Ohio, from Shanghai, China, on a vacation. He brought with him his wife and two children, Miss Florence Hedges, his stonographer, and five Chinese students. Two of the young men were placed in the University of Chicago, and the one young woman, Miss L. O. Sien-Tung, went from Columbus last night to Lynchburg, Va., to enter the Randolph-Macon Woman's College.

Further details received in Lima, Peru, yesterday from Valparaiso, show that out of 40 employes of the telephone Company there 38 were killed. When the house of President-elect Montt collapsed his wife fell from the balcony into the street and bandits who were passing cut off her ears and fingers to rob her of her jewelry. She was taken in a dying state on board the Chilean warship O'Higgins. Among the dead at Valparaiso is Federico Varella, the famous capitalist and politician.

The Cuban government has practically asked for armed intervention by the United States, having requested that rapid-fire guns manned by American artillerymen be sent to assist in putting down the rebellion. San Juan de Martinez, on the Western Railroad, has been captured and the management warned by the rebels that if any more troops are sent over the road the bridges will be blown up regardless of international complications. The Western Railroad is a British corporation. The rebels will no doubt seek to stir up international trouble.

The iron molders of Manchester, Eng., yesterday informed their employers in the engineering trade of Manchester and southeast Lancashire of their decision to strike August 27 unless their demand for an immediate advance of 50 cents per week is conceded. The molders number only 1,600 men, but the strike would affect 40,000 skilled workmen and 60 firms. The men claim that the trade is enjoying great prosperity, while wages have not been increased for 10 years, during which the conditions of living have greatly altered, and rents and the price of food having risen.

The military government at Bilbao, Spain, has unsuccessfully attempted to arbitrate the dispute between the employers and the strikers. The latter, who number over 60,000, firmly maintain their demands for shorter hours. Fighting between the people and police has occurred at several places and a few persons have been killed or wounded on both sides. The population is panic-stricken. The strikers attempted to cut the railroad in the suburb of Castro-Urdiales, but were prevented from doing so by gendarmes, who fired on the rioters killing two and wounding many.

While in a drunken frenzy Wednesday night, George Eurice shot and fatally wounded Mrs. Maud Niser and Mrs. Mary Lloyd, in Baltimore. Mrs. Niser had been living at his house in the country, but left some time ago. On Wednesday night she returned, bringing with her Mrs. Lloyd. Eurice left the house to get a drink, and when he returned, he says, the woman refused to let him in. As there was no lock to the door, the women put their combined weight against it, whereupon Eurice began shooting at the door, and stopped only when he had emptied his revolver. Mrs. Niser died yesterday afternoon, and Mrs. Lloyd, it is said, cannot live.

CONDITIONS IN RUSSIA.

In a desperate effort to check the revolution of the peasant millions the Czar has decided to begin the distribution of lands. An attempt will be made to appease the land hunger and partially solve the agrarian question regardless of parliament. Millions of acres of crown and other lands will be distributed and the government will go to the country on the issue at the coming election. Landlords and imperial family will be given land script, the transaction to be financed through peasants' banks. Nearly all restrictions upon the peasants as a class, according to the latest promise, are to be removed.

A soldier, who belonged to a detachment of troops detailed to escort a provision convoy, murdered his captain at Kursk, Wednesday, because the officer cursed him during the march.

Captain of Police Avgatoff was killed Wednesday near Stavropol while attempting to arrest three agitators.

There is great alarm in Jewish circles in Russia over developments at Sledice, Poland, where events seem to be shaping up for the outbreak of a programme similar to that at Bialystok. The developments parallel almost exactly the preliminaries of the Bialystok massacre. A long series of revolutionary and terroristic signs have been attributed by the police to the Jews, culminating, as was the case at Bialystok, in the assassination of the chief of police, Goltseff.

Required Ten Pallbearers.

The funeral of Mrs. Jaquelina J. Johnson, who made her home with her daughter, Mrs. Armenta G. Bennett, on the Conduit road, Washington, was held yesterday afternoon. Mrs. Johnson was an exceptionally large woman, weighing about 500 pounds, and 10 pallbearers were required to carry her casket to the grave in the cemetery at Falls Church, Va. The casket was the largest ever made in Washington, being six feet long, 34 inches wide and 20 inches deep. Mrs. Johnson was 55 years of age and was born in Rappahannock county, where she resided until about 15 years ago. She had been a helpless invalid for a number of years.

Virginia News.

Miss Martha Shanholtz, the eighteen year old daughter of Jesse Shanholtz, living at Gamesboro, Frederick county, was struck by lightning Wednesday while driving cows from pasture. She was seriously shocked, and a shoe was burned from her foot. She will recover. Two of the cows were killed.

Judge E. W. Saunders, who formally opens his campaign for Congress in the Fifth district at Stuart, in Patrick county, the 29th, has already sent his resignation as judge of the Pittsylvania circuit to Gov. Swanson and the governor yesterday announced his successor in the person of State Senator E. J. Harvey, of Patrick. The new judge is forty-five years old, and regarded as one of the best lawyers in the State.

During the storm Wednesday night the barn, stable and cornhouse of J. M. Baker, near Cremona, Cumberland county, was struck by lightning, destroying all three buildings which were connected. In one of the buildings were two colored men and one boy. Dock Davis, the boy, 10 years old, and Albert Jackson, a man of 21 years, were burned in the building. Walter Scott, the other negro, made his escape and gave the alarm.

R. Casci, an Italian, is in jail in Richmond, charged with attempted criminal assault on Mrs. Mary Luchisi, wife of his partner, A. F. Luchisi. The police justice refused bail. The two men are plasterers and partners, and lived in the same house, on Byrd street. Several days ago, Luchisi's wife asked him not to leave her alone in the house with Casci, that she was afraid of him. On Wednesday night he pretended to leave home, and hid in an alley. He heard his wife scream, and saw, he alleged, Casci through the window, trying to assault her.

The most shocking street-car accident in Richmond in recent years happened at noon yesterday, when an electric car ran over Miss Lucinda Condrey, aged 60 years. She attempted to cross the track, but was thrown to the ground and instantly killed. Both wheels on one side of the car passed over the abdomen and the woman's body was cut in two. It was dragged 30 feet. Both hands and one leg were almost severed. Both of the car men were arrested, but were released on furnishing $1,000 bail bonds. It appears from the testimony of witnesses that the car was going at only a moderate rate of speed.

A hundred workmen employed on the new concrete drydock at the Norfolk navy yard had a miraculous escape from death and injury yesterday when one of the immense derricks, 50 feet high, used for hoisting great weights, plunged without warning from the top to the bottom of the mammoth excavation. Directly in its path, it seemed to the horrified watchers above, were 100 Italians tamping the bottom of the dock. Almost before they had time to get out of the way the huge mass of timber crashed down among them. Those who ran to the dock expecting to find a sickening scene of death found that just one man was hurt and not seriously at that.

Bodies Washed from Graves.

As the result of an unprecedented rainfall at Kansas City, Mo., yesterday morning between 100 and 200 bodies were washed from their graves in Elmwood Cemetery. They were strewn along a huge ditch which had been dug for purposes of sewerage. Corpses of women, men and children lay about spattered with mud, with clothing disarranged and presenting a sight of great gruesomeness.

The cemetery employes hastily covered up scores by throwing earth upon them where they lay. Others were put back into caskets and carried back to where it was supposed they had been buried. Fragments of caskets, shrouds, grave stones and floral decorations marked the path of the current. Persons lying near the cemetery say they were sure several bodies were washed away into the Blue river.

Trains were delayed by debris washed on the tracks by the flood. The police and fire departments received many calls from families living in houses which became submerged as suddenly as from a river flood. East Seventh street, near Michigan, became a raging torrent, with water six feet deep.

In the west bottoms barely a single business house escaped damage from water flooding the basements. In the uptown sections, from curb to curb, the streets were running rivers, and on steep grades they became swirling torrents. A vivid electrical display and terrifying thunder accompanied the downpour, which lasted four hours.

Granted New Trial.

On the ground that there is no doubt in the mind of the court of the prisoner's identity having been established, Judge J. F. West, in the Dinwiddie Court, yesterday afternoon set aside the verdict and granted a new trial to William Ruffin, alias Tinker Ruffin, who was given 18 years in the penitentiary for shooting and robbing Postmaster Warren Brown, of Hebron.

The crime occurred eight years ago and the accused was arrested several months ago in Philadelphia. The first trial resulted in a hung jury, and the second trial was held yesterday.

Judge West, not being satisfied regarding the jury's verdict took the unusual course of proceeding to the State penitentiary, at Richmond, accompanied by the sheriff, who was in charge of the prisoner; the commonwealth's attorney and ex-Congressman R. T. Thory, of Norfolk, the prisoner's counsel, in order that the accused might be identified by Bob Palmer, a convict.

Ruffin was identified by Palmer as Tinker Ruffin, who lived in Surry and whom he had known for 10 years. The fact remains, however, that the prisoner's mother, lives in another part of the State. There are two in Virginia bearing the same name, and it is the missing Tinker Ruffin that counsel for the defense claim is wanted.

Protest Against the Boycott.

Hong Kong, Aug. 24.—A strong protest has been sent to the Viceroy at Canton by the American Consul General here against the propaganda of the Chinese Boycott Association, which was organized for the purpose of boycotting American goods. The association has shown great activity in pushing the boycott against the United States, and the Consul General demands that it shall be suppressed.

DIED.

At 5 p. m. Thursday, August 23, 1906, JAMES E. SIMPSON, aged 72 years. Funeral from B. Wheatley's undertaker's rooms tomorrow (Saturday) morning at 10 o'clock.

Today's Telegraphic News

THE CUBAN REVOLUTION.

Havana, Cuba, Aug. 24.—All Havana today is anxiously awaiting news from the city of Pinar del Rio. Word was brought to the city last night by a correspondent who had been with the forces of Pino Guerrera in the province of Pinar del Rio that the insurgent leader intended to march on Pinar del Rio today. Guerrera declared that he would capture the city and would then begin a march on Havana on Saturday.

In view of the fact that Guerrera's army is vastly superior to the government forces of Pinar del Rio, an attack on the city will probably mean its fall. In view of Guerrera's threat to then march on the capital, news of the western city's capture would probably create something of a panic in this city.

Reports reached here early this morning that fighting has actually begun near Pinar del Rio, which would indicate that Guerrera has begun to carry out his promised plan of campaign. The reports have not been verified, however.

Another battle is reported to be in progress at Guines, 45 miles from Havana. Col. Estrampes, who left Havana on Wednsday with a government force, was said to be in battle with the insurgents there. No news has been received as to the outcome of the fighting.

There is a notable absence of news from Santiago. This is regarded as significant. An uprising there would be a serious thing, as the people there have never been well satisfied with the government and it would be easy to recruit forces to take up arms against Palma. It is generally believed that the government has suppressed all messages from Santiago because they are of a disquieting nature. That the position of the government is serious, is shown by the steps taken by the authorities to suppress the insurgents.

The expected cabinet crisis has come to pass. Senor O'Farrell, Secretary of State and Justice, and acting Secretary of the Interior, has resigned.

CONDITIONS IN CHILI.

Valparaiso, Chili, Aug. 24.—Under the dictatorship of Captain Gomez Careno, of the navy and the proclamation of a State of siege in Valparaiso, under which Captain Careno was named to the supreme command, real progress is being made toward the rehabilitation of the city following the earthquake of August 16. Everybody is compelled to take some part in the work of clearing up the city and providing lodgings for the homeless. At six o'clock traffic ceases. Throughout the night the strictest watch is kept to prevent depredations of every sort. Martial law still prevails.

Several business houses resumed today for the first time since the earthquake and others will reopen within a few days. It is believed that next week will see affairs moving in a regular course.

The authorities still have charge of the distribution of food to the people. There are thousands who will need this care for weeks. So one of the supplies are running short, but it is believed enough can be brought in by steamers to prevent any suffering.

The cemeteries were badly disturbed by the earthquake and some trouble in burying the dead is caused. Over 600 corpses had been buried by Tuesday.

Additional details are now known in regard to the outrage committed upon Madame Montt, wife of the president elect, by ghouls. When the first shock occurred she ran to an upper balcony of her home and knelt there in prayer. The second shock caused the house to collapse and she was thown unconscious into the street. Ghouls who saw her jewels cut off her ears to steal the ear rings, and tore off her fingers to get the rings. When found she was at first thought dead, but when she showed signs of life, was taken aboard the warship O'Higgins, where she has received every attention. It is feared she cannot recover.

Died for Her Children.

New York, Aug. 24.—"Don't wake my mamma, she's tired." So said little Eddie Hoey, his face pinched with hunger, as his 12-year-old sister saw neighbors enter their scantily furnished room on west 53d street this morning. The children sat at the bedside of the mother, waiting for her to open her eyes. Mrs. Mary Hoey had lived and died for her children. Left a widow, she worked her fingers to the bone to provide for her children. Her wages were small, and food was scarce. She dragged home nights from her work tired to complete exhaustion, that her children might have the proper amount of food. She denied herself food. A few days ago she sank on her bed sighing that she was too tired to go to work. She was advised to go to the hospital, but she said she could not leave the children. Yesterday little Aline told the neighbors: "Mother is so tired she cannot talk." The children sat hand in hand by their mother's bedside all day and night, and sobbed tearfully. When the neighbors came today little Edward told them that his mamma was asleep. Mrs. Hoey was dead.

Consented to Evacuation.

Paris, Aug. 24.—The statement was made today at the Foreign Office that the Porte of Turkey has consented to the evacuation by Turkish troops of the Djanet Oasis in the Tripoli hinterland. Negotiations will soon be entered into between the two governments to definitely determine French rights. France and Turkey have been disputing for some time in regard to their respective rights in the Djanet Oasis. Turkey sent troops to occupy the disputed point. It obstinately upheld its claims and threatened to raise the question of the Tripoli hinterland. Three notes were presented to the porte on August 8 by M. Constans, the French Ambassador at Constantinople, and the agreement reached is the consequence of the representations made to Turkey at that time by France.

Socialist Speaker Arrested.

Atlanta, Ga., Aug. 24.—J. B. Osborne, the blind candidate for governor of Georgia, recently nominated by the socialists, was arrested last night for making a campaign speech on the street in Atlanta, without having first obtained a permit to speak from the Mayor. He had an audience of 500 people when his campaign was abbreviated. He will be tried in police court, this afternoon.

Suspension Lifted.

New York, Aug. 24.—Harry Pulliam, President of the National League, today lifted the suspension of Manager Johnny McGraw, of the New York club, to take effect tomorrow when the Giants play at Cincinnati. Pulliam says that he has made a further investigation into the charges made against McGraw, who, it was alleged by Umpire Johnstone, used vicious and vile language toward him during a game between Chicago and New York here recently. The league president, after stating that he had taken the affidavits of several players who heard McGraw's remarks to Umpire Johnstone, says: "My conclusion is that McGraw used the most villainous language one mortal could use to another to Umpire Johnstone on the ball field and well merited his removal. Mr. Johnstone is to be congratulated that McGraw's incendiary remarks addressed to him while leaving the grounds from the security of the club house balcony did not result in his being brought home to his family on a stretcher, and the manhood of those composing the crowd is to be praised for there was not one in that wild and exciting time to offer violence to a lone man. I regret that I am unable to take the baseball patrons into my confidence and give them the evidence before me; but the laws of the United States and the vigilance of one, Anthony Comstock prevent me so doing. The proper penalty in this case is not in my power to decree."

Reported Rupture in British Cabinet.

London, Aug. 24.—A break in the liberal cabinet of Campbell Bannerman and a consequent shifting of portfolios among the members who will remain, is the subject of a great deal of discussion today in political and governmental circles. There are abundant indications in the opinion of leading politicians to warrant the belief that a change in the ministry is imminent. The rumor of a cabinet break was started by the announcement made today that Mr. Haldane would start this afternoon for Marienbad where King Edward and Premier Campbell Bannerman are stopping, to become one of the attendants upon the king. In this announcement the politicians are convinced that there is something significant. The real purpose of Mr. Haldane's visit to Marienbab, they believe, is to confer with them in regard to the situation in the War Office, and offer his resignation unless they express their satisfaction with his work.

Reform Spelling Adopted.

Oyster Bay, N. Y., August 24.—President Roosevelt authorized the announcement today that the reform in spelling recommended by the committee which Andrew Carnegie created will hereafter be adopted in all departmental correspondence and official documents. To put it briefly, the United States is "thru" with "through" and the spelling of all other words which gives the lie direct to pronunciation. From now on the literature put out by the government departments will look to the uninitiated like Little Willie's composition or a page from the works of the late lamented Josh Billings. Orders have been sent to Public Printer Stillings in Washington to secure the list of 100 most used words that the Carnegie spelling reform committee suggests be changed and from now on all the public documents that are issued by the largest print shop in the world, will follow the "style" of the committee idea.

Killed by Lightning.

Marion, O., August 24.—While tacking down a carpet and talking of a happy future with his wife and baby in their new home yesterday afternoon, Houswer Denman, aged 23 years, residing near Larue, was paralyzed by a thunderbolt which descended the chimney. Mrs. Denman, and the baby, Annabel, aged 2 years, were knocked down by the same bolt, falling beneath a table. "For God's sake, little girl, save me if you can!" gasped Denman to his wife. With a supreme effort the brave woman raised her stricken husband to his feet and dragged him to the doorway, where she thought the fresh air might revive him. "I feel better now," Denman said, when a second bolt crashed through the roof, striking him dead in his wife's arms. Mrs. Denman was rendered unconscious and the baby was hurled 20 feet.

Anxious to Lynch Negro.

Atlanta, Ga., Aug. 24.—A mob of 500 men remained around the Lawrence home near Coxen Hill, all last night, intent upon burning at the stake, the negro arrested yesterday in DeKalb county on suspicion of being the assailant of the Misses Lawrence, in the event he was identified by them. Arthur Reed, the Atlanta suspect, was seen by Miss Mabel Lawrence today and declared innocent. The sheriff of DeKalb county hearing of the formation of the mob, camped in the woods all night and has not as yet been located either by the mob or the county police sent to his rescue. The officers and mob both feel confident that the negro under arrest is the right one.

Trip to North Pole Abandoned.

Hammerfest, Norway, Aug. 24.—Advices received here today from Spitzbergen are to the effect that Walter Wellman abandoned his attempt to reach the North Pole this year owing to defects found to exist in the airship which he was to have used. The above contradicts a statement of the Christiania, Norway, correspondent of the London Daily Mail, published on August 17. The dispatch stated that Mr. Wellman had abandoned the attempt to reach the North Pole this year owing to the lateness of the season.

Railroad Accident.

St. Thomas, Ont., Aug. 24.—A Canadian Pacific Railway express train collided with a Wabash train at the crossing of the two roads, here, today, completely wrecking both engines and overturning some of the coaches. The casualties thus far reported are Engineer McKay, killed; Fireman Patterson, fatally scalded; Baggageman Wylie, and express messenger Borbridge, seriously hurt.

Luckiest Man in Arkansas.

"I'm the luckiest man in Arkansas," writes H. L. Stanley, of Bruno, "since the restoration of my wife's health after five years of continuous coughing and bleeding from the lungs; and I owe my good fortune to the world's greatest medicine, Dr. King's New Discovery for Consumption, which I know from experience will cure consumption if taken in time. My wife improved with first bottle and twelve bottles completed the cure." Cures the worst coughs and colds or money refunded. At E. S. Leadbeater & Sons' druggists. 50c and $1.00. Trial bottle free.

The Alleged Reason.

New York, Aug. 24.—The reason no indictments have been returned against the members of the alleged ice trust is because most of the grand jurors who have been investigating the matter are rich men, is the statement made today by one of the jurors: "The trouble with the grand jury," said this man, "is that like all grand juries, it is composed of rich men. A poor man cannot serve on the jury without inconvenience to himself and his family. Hence none but the rich is available. Many of the men who serve are philanthropists in the broad sense of the word.

Killed Wife and Companion.

St. Louis, Aug. 24.—Michael McNamara, a giant policeman, member of the Broadway squad, shot and killed his wife and her companion, James Brophy, known as "the gentlemanly bartender of St. Louis," as the couple were entering a hotel yesterday. Mr. McNamara tried to save Brophy when she saw her husband by rushing in between McNamara and Brophy, and shouting to the latter to run, but McNamara was too quick for her. He pulled his revolver and shot Brophy through the heart. Then he fired at his wife as she turned to run, the bullet striking her in the back and causing death within a few minutes. McNamara gave himself up. Brophy was a married man.

One Day Imprisonment for Killing Wife

Denver, Aug. 24.—One day in jail was the sentence imposed yesterday by Judge John L. Mullins on Charles Pennington for killing his wife, Anastasia Pennington, with his fist. The woman was intoxicated and quarrelsome when Pennington struck her in the face with his fist, causing her weak heart to cease beating. Judge Mullins has tried two similar cases heretofore and his sentences were in each case one day in jail.

New York Stock Market.

New York, Aug. 24.—The stock market developed general strength following the opening gains and prices of the leading issues moved up sharply in the first hour. Atchison was most prominent in the railroad list advancing 2¼ per cent. An unique incident in the trading was the sale of consolidated gas ex-dividend of one per cent. at 142, against 141 yesterday, with the dividend on. Later, the stock advanced ¾ further. Anaconda made a net gain of 4¼ per cent. The buying was chiefly on orders given out by Hooley, Larned & Co. A large part of the buying in the general list was apparently covering of shorts. London bought 50,000 shares, chiefly Southern Pacific, Erie, Copper, and Steel.

Negro Shot to Death.

William Spain, a negro, 21 years old, was shot to death by a mob near St. George, Dorchester county, S. C., yesterday afternoon. S. L. Connor, manager of the Dorchester Lumber Company's stores at Badham, was notified by a negro that he saw another negro attempting to enter a window of Connor's home and then hide in a cane patch. Connor started for his home, going through the cane field. He suddenly came upon Spain. He struck the negro a severe blow, breaking several bones in his hand. The negro finally freed himself and ran into a woods.

About two hours later Spain was captured in a negro cabin. He was taken to St. George and turned over to Sheriff Limehouse, who locked him in jail. Shortly afterwards 40 or 50 men went to the sheriff and demanded the keys of the jail. Securing the keys, the jail was unlocked and the negro taken to the house of Connor, where his 11-year-old daughter, who was alone in the house, positively identified the negro as the one who tried to climb through the window, but was frightened away by her screams.

The negro admitted that he had gone to the residence with the intention of entering it, but for what purpose he did not say. The mob strung Spain to a limb and shot about 500 bullets into his body.

Robberies at Manassas.

Manassas was much startled yesterday morning to find that several robberies had been attempted in the town Wednesday night. The home of Mr. Patrick Lynch was entered, but the intruders were evidently frightened away, as they took nothing. The home of Misses Maggie and Lettie Smith was also broken into. The ladies were sleeping upstairs, when they heard a noise below. Upon investigation they found the house broken open, and a strong odor of chloroform indicated that the marauders had attempted to temporarily put defense out of the way. A freight train had just run into the siding in front of the house, and the train crew promptly responded to the calls for help. The conductor got close enough to get a shot at the escaping burglars, but he does not think he hit them. The bedroom of John Hopper, a colored barber, was also entered and $30 stolen. Mr. Joseph G. Kinchelor, who lives near the Misses Smith, found a rocking chair carried from his front porch and left some distance up the street, where the thieves dropped it in their flight.

Cause of the Suspension.

It was the general belief in Wall street New York yesterday that Al Adams, the ex-convict and former policy king, dropped several hundred thousand dollars in M. J. Sage & Co., the syndicate "brokerage" company, which closed its doors on Wednesday. The real reason why Adams refused to stand up behind the concern any longer was that he had become dissatified with the active management. Profits were not coming his way as fast as he thought they ought to from a brokerage corporation which had no known exchange membership, and he recently got some light on the internal management which filled him with a great and controlling desire to cease to be its backer. He figured that he was in a losing game.

The immediate cause of the suspension was said to be the refusal of Adams to put up $60,000 called for by the managers. Ever since the Sage Company had got into the newspapers "inventors" had been drawing out their profits quickly and keep down close on their margains. As a result of this, together with the recent sharp bull movement, the company had to make another call on the base of supplies. Adams, it was said yesterday, sent back a message from his ranch in Mexico to the effect that he wouldn't put in another cent. Then the balloon went up.

A Hoax.

As had been suspected by a number of persons whose curiosity led them to the Carlyle House yesterday, the alleged remains of an Indian chief or a prehistoric man were found to consist of a plaster-of paris head partly embedded in the earth with a glass frame over it. On Wednesday night a number of persons, including city officials, were conducted into the cellar by W. W. Simpson, who has charge of the building, and viewed the head, which had been previously part of a collection of antiques on exhibition in one of the windows of the Fairfax street front of the Braddock House. Hundreds wended their way to the place yesterday for the purpose of inspecting what most of them believed to be the remains of some illustrous being who was either an aborigine or a visitor to this continent prior to the days of Christopher Columbus. Many Washingtonians followed the crowd into the cellar, some with kodaks, and pictures of the cellar and the plaster-of-paris head were multiplied, some finding their way into Washington papers. In the afternoon Simpson received ten cents from each of the visitors. As was stated in the Gazette, Lieutenant Smith had in the meantime notified Doctor Moore, the coroner, of the alleged discovery of the remains, and this official with others connected with the city government late in the afternoon visited the Carlyle House for the purpose of determining whether or not an inquest was necessary. They were met by the proprietor who soon proved to their satisfaction that no such procedure was needed, as nothing but a plaster-of-paris cast was in the cellar.

The Stray Elephants.

One of Barlow's elephants is still at large in Alexandria county. The big elephant, Tom, was caught Wednesday afternoon. Barlow and his scouts resumed the hunt yesterday morning. One of the female elephants was sighted at Young's farm, near Arlington Postoffice, four miles from Mr. Courtland Smith's farm. Barlow led the posse across the country, and after some searching both of the missing females were sighted. At 7 o'clock a telephone message from Barlow stated that one of the two females, "Jennie," had been caught and chained but that "Queenie," the wildest of the herd, would not allow anyone to approach her. Barlow asked that a telegram be sent to Pawnee Bill's headquarters at Coney Island asking them to arrange with Major Lillie (Pawnee Bill), who will be in Washington with a show on Saturday, to be ready to send experienced cowboys and trained horses into Virginia to help capture "Queenie," if she cannot be rounded up today. The four elephants that were loose in this vicinity are said to be valued at $20,000 and were first shown at the New York Hippodrome in April, 1905. They were at Coney Island and later in the Hippodrome production, "A Yankee Circus on Mars."

Probable Murder.

Lying dead in his buggy while his horse was walking slowly along over the Long bridge, connecting Jackson City and Washington, Jackson Boney, colored, forty-four years old, of Washington, was found last night with a bullet wound through the top of his head, by Park Watchman Martin J. Battle. Other than the one wound in his head, there were no marks on his body. Robbery was not the motive for the shooting, as the dead man's watch and $1.55 were found in his pockets. The police found a trail of blood, beginning at Jackson City, and tracing it across the bridge to where the body was discovered. The body was taken to Washington where it was found that the man had been dead for about an hour. Sheriff Palmer, of Alexandria county, was immediately notified of the shooting, and with several of his men he went to work on the case. The motive for the shooting is a question that is puzzling the authorities.

Sunday School Association.

The eleventh annual convention of the Fairfax County Sunday-school Association was held yesterday at Woodlawn Baptist Church, Fairfax county, about three miles from Mount Vernon. A special train on the Washington, Alexandria and Mount Vernon Electric Railway left Rosslyn at 8:30 o'clock and connecting with the W. & O. branch of the Southern Railway at St. Asaph, took on the delegates there from the upper part of Fairfax county. The exercises were of an interesting and instructive nature and were greatly enjoyed by all who attended, among whom were some persons from this city.

Rammed the Slip.

The ferry steamer Woodbury again rammed the slip in this city yesterday afternoon at one o'clock and seriously damaged the same. The accident was caused by the failure of the engines to back and check the boat's head way while entering the slip. This is the third time such mishaps have occurred to the Woodbury. The steamers continue to make half hourly trips, the accident having in no way interfered with the running of the boats.

The Weather.

The maximum temperature yesterday was 87° in the afternoon. The humidity was intense, and at the close of the day the sultry conditions which have prevailed throughout August continued. Relief is promised today and tomorrow in the way of showers. The forecast adds that it will "be cooler Friday evening." The wind changed to the northeast this afternoon and rain and cooler conditions followed.

Funeral.

The funeral of the late Mrs. Sarah Ann Dix will be held at 5 o'clock this afternoon from the home of her son on north Pitt street. Rev. J. A. Jeffers, pastor of Trinity Methodist Episcopal Church, will officiate. The burial will be in the Methodist Protestant Cemetery. The pallbearers will be Messrs. G. E. Price, J. F. Cook, D. H. Appich, J. T. Boyd, John Naylor, and James Eveleth.

The Firemen.

Successful and entertaining to a high degree was the magnificent street parade yesterday, which furnished the grand climax for the Virginia State Firemen's Convention, which has been in session in Richmond since Wednesday. A final adjournment will be had this evening, after another interesting day's programme has been prepared, relating to exhibitions and contests for prizes and a trolley ride through the city. The proceedings yesterday may, indeed, be termed as having transpired in a real blaze of glory. The splendid procession headed by Chief Marshal Morgan R. Mills (who was supported by a large staff of mounted citizens) and embracing long lines of uniformed firemen, moved over the route without the slightest hitch, while thousands upon thousands of men, women and children fairly jammed the sidewalks and cheered. It was a magnificent spectacle, and one that reflects credit upon the firemen of the State. There must have been nearly two thousand people in line, and though they were not trained in the art of marching, lavish compliments have been paid their soldierly bearing and demeanor. There were fine bands scattered here and there along the long line of march, and there was sweet and inspiring music for all. And it was appreciated, for "Dixie" "My Maryland," and other popular airs were often loudly cheered. The Phœbus, Newport News and Alexandria departments came in for the largest share of applause.

In the afternoon 2,000 persons, firemen and their friends, enjoyed an old fashioned Brunswick stew at Idlewood Park as the guests of Caterer Guth.

In the firemen's convention band contest at Idlewood Park last night before a vast throng of enthusiastic spectators the Artillery Post Band, of Old Point, won easily the first money over the Naval Gun Factory Band, of Washington, which came in second. The first money was $100 and the second $50. The committee had little trouble in awarding the prizes, and members of the band who came in for second money were heard to tell the chairman that they were not only satisfied, but that had the decision been otherwise it would have been unjust.

The legislative committee of the State Firemen's Association was instructed to present in the State Legislature a bill for taxing the insurance companies doing business in this State 2 per cent. in addition to the present tax, the additional fund to be utilized by the firemen's relief fund.

Return of the Firemen.

The Relief, Reliance and Columbia fire companies will leave Richmond this evening shortly after 4 o'clock for home, arriving in this city about 8 o'clock. They will be met at the depot by a large delegation of the "stay-at-home" firemen, who will escort them down King street and proceed to the Columbia engine house where refreshments will be served.

Remains of Steamers.

As has been stated, the hull of the old ferry steamer Columbia, which was destroyed by fire over three years ago, is to be transformed into a house boat and will go into service once more on the Potomac. Since the hull was purchased about a year ago by Mr. Joe Heath, of Washington, and the boiler and machinery was taken out the Columbia has been lying off the flats on the Maryland side of the river opposite this city. The tug Bartholdi a day or two ago towed the hull to Washington where the work of converting it into a houseboat will be commenced at once.

The work of removing the boiler, engine, wheels, shafting and other heavy parts of the old steamer Samuel J. Pentz has been going on near Wagner's Point, in the Patapsco river, Md., for several weeks past and is about finished. It is now stated that an effort will be made to raise the old boat and tow her to Washington, where the work of wrecking her will be completed. The Pentz was purchased by Mr. Heath, who had previously bought the hulk of the Columbia.

Investigation.

The management of the Washington, Alexandria & Mt. Vernon Railway Co. has been investigating the altercation which occurred between several of the employees of that road at the corner of Prince and Royal streets after midnight on last Tuesday night. Those known to have participated in the trouble have been discharged from the service of the company, and the superintendent of the road has asked Mayor Paff and Chief Goods to take cognizance of the affair and prosecute all concerned in the matter to the fullest extent of the law. The special officer of the company has been detailed to assist in this work. The company is determined to put a stop to all disorderly conduct on the part of its employees and will discharge any of them found guilty of misbehavior.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Arthur Lee, colored, arrested by Chief Goods charged with assaulting Eliza Lee, had his case continued.

Dan Jones, colored, arrested by Officer Knight charged with breaking into the home of Dolly Jones, was sent to jail for sixty days.

Viola Kennedy, charged with abusive language toward Sarah Hicks, was dismissed.

Daniel and George Blackburn, arrested by Officer Henderson charged with assaulting Lucy Freeman, was dismissed.

Mr. Bryan Accepts Invitation.

At a meeting yesterday in New York of the executive committee, which has charge of the reception to Mr. William J. Bryan, it was announced that Harry W. Walker, chairman of the press committee, had received a letter from Mr. Bryan, mailed before he sailed from Gibraltar, accepting an invitation to dine with the newspaper men at the Waldorf-Astoria on the evening of Saturday, September 1. In his letter Mr. Bryan said:

"Shall be delighted to meet the boys of the press. I have not found any better newspaper men anywhere than our own."

Lewis Nixon gave the programme as at present arranged for the 30th. Mr. Bryan is to land at 4 p. m. at the Battery, where he will be met by a small subcommittee and welcomed by acting Mayor McGowan. Headed by a small police escort, Mr. Bryan will be driven up Broadway to Fiftieth street, thence to Fifth avenue and south to the Victoria Hotel. In the first carriage with Mr. Bryan will be acting Mayor McGowan, Governor Folk, of Missouri, and William Hoge, president of the Commercial Travelers' Anti-trust League, which started the movement for the reception.

At the hotel Mr. Bryan will be received by a delegation from the reception committee, consisting of five members from each state. At 7:45 Mr. Bryan will be escorted to Madison Square Garden and the meeting will begin at 8. After the meeting inside Mr. Bryan will address an overflow meeting in Madison Square.

Race Trouble.

Race trouble has broken out at Ten Mile, in the northern portion of Calcasieu parish, Louisiana. The conflict is between a race of people known as the Red Bones and whites. The difficulty occurred at a railroad camp of the Santa Fe Railroad, 20 miles west of Oakville, in a sparsely settled country. As far as known 12 persons were shot, of whom two are dead. Six are mortally wounded and five less seriously. Three of the killed and wounded are negroes and 10 whites.

The trouble was precipitated by the Red Bones, who are the remnants of the ancient Indian tribe, so mixed with negro blood that they are almost half negro and half Indian. They refuse to be classed as negroes or to be treated as such and hate the negroes. On several occasions they have claimed that they were Indians and for that reason entitled to be on socially equal terms.

The Red Bones, angered by the railroad pressing on through their country, attacked the whites and negroes employed by the Grigsby construction Company grading the Santa Fe Railroad between Slabtown and Oakdale. They fired into a tent in which 13 of the railroad laborers were housed, killing or wounding all the inmates, including a negro woman. The sheriff has started with several deputies after the murderous Red Bones.

Cause of Typhoid.

The cause of an epidemic of typhoid fever among the 1,000 inhabitants of Three Oaks, Mich., was discovered yesterday when a member of the board of health climbed to the top of the waterworks standpipe and found the dead bodies of several thousand young sparrows, in various stages of decomposition, covering the surface of the water. Immediately the mayor gave instructions to empty the standpipe, scrub and paint it. Hundreds of sparrow nests have been built on a ledge that runs around the summit of the standpipe, and the young birds are supposed to have fallen into the uncovered standpipe while trying to fly. The cover made for the standpipe when it was constructed was never put on. There are now 21 cases of typhoid in the town.

Killed at Telephone.

When Mrs. Charles Kline, aged 22 years, answered a call at the telephone in her house, at Sandy Hook, near Frederick, Md., Wednesday afternoon, she received a shock of electricity sufficiently great to kill her instantly. Her little brother Clyde first answered the telephone, and received a very severe shock. Mrs. Kline then went to the telephone, and, taking down the receiver, fell to the floor dead. The cause of the accident is said to have been the falling of a live wire of the Harpers Ferry Electric and Power Company on the wires of the telephone company while some repairs were being made at Knoxville to the Harpers Ferry concern's lines. The power company has a line running from Harpers Ferry to Brunswick. Mrs. Kline leaves a husband, who is employed on the Baltimore and Ohio Railroad, and a babe six months old.

A Healing Gospel.

The Rev. J. C. Warren, pastor of Sharon Baptist Church, Belair, Ga., says of Electric Bitters: "It's a Godsend to mankind. It cured me of lame back, stiff joints, and complete physical collapse. I was so weak it took me half an hour to walk a mile. Two bottles of Electric Bitters have made me so strong I have just walked three miles in 50 minutes and feel like walking three more. It's made a new man of me." Greatest remedy for weakness and all Stomach, Liver and Kidney complaints. Sold under guarantee at E. S. Leadbeater & Sons' drug store. Price only 50c.

Favor Union Labor Programme.

Chairman Griggs, of the democratic Congressional committee, has committed himself to the legislation which organized labor wishes, and Samuel Gompers, president of the American Federation of Labor, in an editorial published yesterday in the Federationist, his official organ, praises Mr. Griggs for doing it. Mr. Gompers deals with the answers which members of Congress have made to labor's bill of grievances, setting forth the desire of organized labor to have the eight-hour law extended and the anti-injunction bill and other legislation passed.

Mr. Griggs say: "I have carefully read the list of labor's grievances and think I understand same. I agree fully with you on every demand therein made."

Mr. Gompers approves this, but challenges the accuracy of statements of Representative Bartholdt, democrat, in reply to the federation letter. He accuses Mr. Bartholdt of seeking to delay the eight-hour bill. Representatives Crumpacker, of Indiana, and Andrus, of New York, both republicans, are sarcastically scored. Representative Clark, of Missouri, a democrat, is called a friend of labor.

He Was in Trouble.

"I was in trouble, but found a way out of it, and I'm a happy man again, since Dr. King's New Life Pills cured me of chronic constipation," says E. W. Goodloe, 107 St. Louis St., Dallas, Tex. Guaranteed satisfactory. Price 25c at E. S. Leadbeater & Sons' drug store.

Labor Day Picnic, Burke's Station, September 3, 1906.

The Southern Railway has authorized on account of the above occasion a one fare rate for the round trip from stations, Washington to Manassas, inclusive, tickets to be sold September 3rd, returning same day. Train No. 214 will do local work between Manassas and Bluemont on September 3rd, and everything possible will be done to facilitate travel to and from Burke's on account of this occasion.
